## Great Fires Raging At Kiel After Assault By R. A. F.

### BATTLESHIP LAIR RAIDED SECOND TIME

Nazi High Command Admits Unspecified Number Of Casualties At Big Naval Base

REDS CLAIM ADVANCES

By the Associated Press  
On the European front, British warplanes capped a devastating week long air offensive by smashing heavily at Germany's big naval base of Kiel before dawn and bombed the Nazi battleship lair at Trondheim, Norway, for the second night in a row.

This unusual photograph, taken looking eastward from Claremore, Okla., shows the formation of the tornado which a few minutes later razed much of Pryor, Okla., killing at least 70 persons and injuring hundreds.

### Workers in Chest Campaign Report Total Of \$25,384.05

### Crude to Start Flowing East In Short Time

Washington, April 29—(P)—The Petroleum coordination office said today it expected oil to begin flowing eastward in the Keystone pipeline, Pittsburgh to Philadelphia, in about two weeks.

The line heretofore has moved petroleum westward, Philadelphia to Pittsburgh, and it is being reversed to help meet the east's pressing need for oil resulting from the diversion and sinkings of tanker ships.

It was understood the Keystone line would deliver about 20,000 barrels of crude in the Philadelphia area daily.

A spokesman for the Petroleum coordination office said any westward movement via the Susquehanna (Philadelphia-Cleveland) and Tuscarora (New Jersey-western Pennsylvania) pipelines probably would cease soon.

All three lines originally were built to siphon tanker-bouled oil or its byproducts from refineries in the Philadelphia area to the Pittsburgh vicinity. At the time of their construction, water freight was cheaper than railroad haulage.

### Expert Says Nation Cannot Exist Without Automobiles

Chicago, April 29—(P)—America cannot function without the automobile, Lt. Frank M. Kreml, nationally known authority on motor vehicle traffic, informed the Chamber of Commerce of the United States today.

"This nation has been building a motor economy for 25 years," he said in a prepared address. "It would take a decade, possibly a generation, to change our economy to one in which the motor vehicle is not an important unit."

First Check of Drive is 20 Percent Above That Made in 1941

OFFICIALS CONFIDENT

At the first report meeting of the 1942 Community Chest campaign, held this noon at a luncheon meeting at the Y. W. C. A., workers in the various divisions reported a total of \$25,384.05 pledged toward the minimum goal of \$40,000 which was set up at the start of the drive.

Today's figure was approximately 20 percent above that for the opening report in the 1941 campaign, it was stated.

From the enthusiasm shown, it was predicted that the total would be very close to the goal by the second report luncheon tomorrow noon.

The women's division, headed by Mrs. E. C. Hamilton, which is conducting the intensive portion of the campaign, was reported very close to its quota with a total of \$3,341.25 to date.

Heading the list was Division "A", of which C. T. Conarro and C. S. Allen are co-chairmen, with (Turn to Page Nine)

### GUN AND ROPE USED IN SUICIDE ATTEMPT

Pittsburgh, April 29—(P)—Deputy Coroner John D. Aldisert reported today Amos Hayes, part owner of the Craftsman Press, shot and hanged himself early today in his printing shop on the boulevard of the Allies.

The body, with a bullet wound in the mouth, was found dangling from a rope near a ladder upon which Hayes apparently had climbed.

### Ship Sunk By Harbor Guns At Manila Bay

Washington, April 29—(P)—The war department reported today that artillery fire from the harbor ports of Manila Bay sank an armed Japanese vessel in the bay and broke up concentrations on the Cavite and Bataan shores.

Reports received from General Douglas MacArthur's headquarters in Australia, a department communique said, indicated that (Turn to Page Nine)

### MORE YANKS HAVE LANDED IN AUSTRALIA

American Troops Down Under Well Equipped and Include Technical Units

PLAN FOR OFFENSIVE

Canberra, Australia, April 29—(P)—Strong additional United States reinforcements have arrived in Australia. Prime Minister John Curtin announced today in a statement to the house of representatives.

He said the American troops were well equipped and included "important technical units."

The prime minister also announced that he had created "the prime minister's war conference" consisting of himself, General Douglas MacArthur and such ministers and officers as he might summon to discuss highest strategic questions.

In his statement on the American reinforcements, he said: "Strong additional United States reinforcements which are well equipped and include important technical units have arrived."

"The equipment position has materially improved."

"In addition to acceleration of local production of munitions, supplies of tanks and guns are arriving from overseas in increasing numbers and quantities of vital war equipment have been received from ships originally destined for the Dutch East Indies."

"Supplies of modern United States aircraft have made possible reinforcement of our northern air bases, resulting in constant raiding of Japanese bases in New Guinea, New Britain and Timor."

Curtin asserted that Australia was preparing to take the offensive against the Japanese even in the face of an invasion threat which she regards as constant and undiminished.

"Notwithstanding Japanese losses in aircraft and shipping at New Guinea and elsewhere, the Commonwealth government regards an outright attack on Australia as a constant and undiminished danger," he said.

The prime minister spoke twice today in a long war statement to the house of representatives and also in a broadcast to England reaffirming Australia's loyalty to the empire.

### METHOD SOUGHT TO END SCHOOL STRIKE

Shamokin, April 29—(P)—Coal township school district officials said today they would seek a grant of funds from the state in an effort to end a strike of 124 teachers.

While 3,100 students took an indefinite vacation, the school board condemned strike as "a premeditated plan of a disgruntled minority." Superintendent D. T. Meisberger said state aid was "the only remedy," explaining \$175,000 in taxes was uncollected and the district was unable to borrow funds.

### Daily Budget is Padlocked To March Highs By Latest Order Is Made Public By Henderson

Detail Costs To Be Cut Down About Three Per Cent Below Today's Levels

BUT FEW EXEMPTIONS

BY WILLIAM NEEDHAM  
Washington, April 29—(P)—A government padlock forged in March will be placed May 18 on the price of virtually every article that appears on America's daily shopping lists and rents in all war-boom towns will be battered down for the duration.

In a sweeping order coincident with President Roosevelt's share-the-war economy program, Price Administrator Leon Henderson last night announced that prices would be held to their highest March levels and directed that rents in areas housing more than half the nation's population be restored to their pre-boom scales.

Henderson estimated the universal price ceiling would knock retail costs about three per cent below today's levels. They will be about 13 per cent above August, 1939, however.

Labeled frankly as a frame work for other anti-inflation measures yet to come, including higher income and excess profits taxes, wage stabilization and income limitations, the overall ceiling exempts only a limited number of food commodities.

The government's stop-rise order will be aimed at such "cost of living" items as tobacco, meat, canned goods, clothing, and packaged household drugs, and Henderson estimated that housewives would find 60 to 70 percent of all foods back at March costs when the universal ceiling takes effect in retail stores May 18.

Retailers will be required after that date to post public lists of the ceiling prices on "cost-of-living" items.

Wholesalers and manufacturers will be asked to effect May 11. Beginning July 1, rates charged for "retail services"—such as garages, tailors, laundries, dry cleaners, and shoe repair shops—likewise must revert to the March base.

All stores and wholesalers selling products covered by the ceiling automatically will be licensed by the government, and after one warning, OPA, through court action, may have a violator's license suspended. In addition, the emergency price control act provides for fines of not more than \$5,000 or a year's imprisonment, or both, for civil suits for treble damages, and license revocation.

Eggs, fresh vegetables, milk products (except milk and cream), flour, mutton and lamb, live animals, fresh fish and seafood, game and used automobiles are among the few items specifically exempted from the price ceiling.

"Service" not affected include prices charged by barbers and beauty shops, professional fees, wages, insurance and underwriting (Turn to Page Nine)

### Steel Plant Strike Halts Defense Work

Johnstown, April 29—(P)—A two-day strike of CIO coke oven workers in the Bethlehem Steel Company's Cambria works here today forced curtailment of work on war orders, with company and union spokesmen estimating variously that 1,200 to 6,000 of the plant's 15,500 employees had been thrown out of work as the result of the strike.

James B. Gent, sub-regional director of the CIO Steel Workers Organizing Committee, put the number of idle at about 6,000, including 2,700 in the car shops.

### Detailed Report Is Made To Nation By President In Talk

BY EDWIN STOUT  
Washington, April 29—(AP)—The guns of American warships confronted Hitler and Mussolini in the Mediterranean today and President Roosevelt warned that the United Nations would fight any Axis attempt anywhere to use Vichy French territory for military bases.

In a detailed war report to the nation by radio last night the president disclosed that American warships "are now in combat" in the Mediterranean and that American troops have taken stations in the Near East and Middle East—a fact which British commentators declared had been "one of the best kept naval secrets of the war."

Mr. Roosevelt took cognizance of collaborationist Pierre Laval's rise to power in Vichy and declared that the United Nations would not hesitate to act anywhere "to prevent assistance to the armies or navies or air forces of Germany, Italy and Japan."

At home he called all America to war—every man, woman and child. The price of victory, he said, is hard work, sorrow and blood.

He pledged the exercise of "all the executive powers" at his command to prevent a spiral in the cost of living and summoned the nation to harsh self denial for a "tough" and long war program that will reach a \$73,000,000,000 yearly rate before 1942 is over. He spoke just after blanket price control was imposed on virtually everything Americans eat, wear and use.

Abroad, he gave this report on the war:

America now has several "hundreds of thousands of fighting men at bases and battlefronts thousands of miles from home."

"American warships are now in combat in the north and south Atlantic, in the Arctic, in the Mediterranean, and in the north and south Pacific. American troops have taken stations in South America, Greenland, Iceland, the British Isles, the Near East, the Middle East, the Far East, the continent of Australia, and many islands of the Pacific."

"Swarms of American four-motored bombers will soon attack Axis Europe."

There have been serious losses in the Orient, but there is good reason to believe that the southward drive of the Japanese has been checked. "Australia, New Zealand and much other territory will be bases for offensive action—and we are determined that the territory which has been lost will be regained."

The situation in Burma is serious. The Japanese may cut the Burma road. But "no matter what advances the Japanese may make, ways will be found to deliver airplanes and munitions of war to the armies of Generalissimo Chiang Kai-Shek."

In Europe, the great Russian offensive is "destroying more armed power of our enemies—troops, planes, tanks and guns—than all the other United Nations put together."

Defeatism is slowly spreading in the Axis countries. The Germans (Turn to Page Nine)

### Closing Down Of Oil Wells Is Restricted

Washington, April 29—(P)—War Petroleum Coordination Office today directed that no oil or gas well be abandoned until the well is incapable of producing enough oil or gas to pay costs of labor, maintenance and taxes.

"It is essential to the success of the war effort," said Deputy Coordinator Ralph K. Davies, "that the (Turn to Page Nine)

### Every American Every Day To Be Affected By Price Controls

Washington, April 29—(P)—Retail price controls that start operating on May 18 will affect every American every day, directly or indirectly.

Here's how:  
The highest price you paid at any time in March will be the highest you will have to pay at the same store for any of the following:  
Bread, cake, beef, pork and their products; sugar, milk, ice cream, canned meats, soups, canned fruits and vegetables; canned seafood, cereals, lard, coffee, tea, cocoa, salt and spices.

Also clothing, shoes, dry goods, soap, all kinds of fuel, pipes, cigars, cigarettes, drugs, toiletries, furniture, appliances and equipment, hardware and miscellaneous agricultural supplies.

Exempted are eggs, poultry, mutton, lamb, fresh fruits and vegetables and some other foods. Also books, magazines, newspapers, motion pictures and used automobiles.

Beginning July 1, March maximums will apply to such services as laundries, tailors, dry cleaners, auto and radio repair shops, but not to barbers, beauty shops, dentists, doctors or lawyers.

### SITUATION IN NORTH BURMA STILL GRAVE

Japanese Spearhead Reported To Have Reached Within 50 Miles Of Important Town

CHINESE REFORMING

Chungking, China, April 29—(P)—A Japanese spearhead thrusting northward was reported today to have reached within 50 miles of Lashio, Burma, in an attack led by tanks and supported by planes.

Another Japanese column was reported striking westward. Yesterday the Japanese, racing the monsoon rains into North Burma, were reported 100 miles from Lashio, with the Chinese already moving essential supplies out of that threatened city.

The latest Japanese thrust was believed directed presently at Mongyai, about 35 miles below Lashio and whence the invaders will find two routes leading to the Burma road between Lashio and Mandalay.

The Chinese were reported forming a front just south of an east-west line from Mongyai to Hsipaow on the Mandalay-Lashio railway link of the Burma road.

London, April 29—(P)—Chinese troops were reported today hastily forming a front in northern Burma (Turn to Page Nine)

### FOUR MINERS DIE IN SERIES OF ACCIDENTS

Tamaqua, April 29—(P)—A fire, explosion and a cave-in took the lives of four miners and injured five others yesterday in the anthracite field.

Herbert Hebert, former president of the Lansford town council, Steve Sinchak, 38, and Kostic Molzack, 63, of Coalade, were burned to death in a coal chute fire at the Greenwood colliery here.

Charles King, 48, Tamaqua, died of injuries suffered when he and another miner were trapped 125 feet below the surface in a cave-in at an abandoned mine. Both King and his companion, Raymond Herring, 40, who suffered minor injuries, were rescued 12 hours after they were pinned in the coal rock.

### LATE WAR BULLETINS

Washington, April 29—(P)—The navy said today a medium-sized United States merchant vessel had been torpedoed off the Atlantic coast and that survivors had been landed at an east coast port.

New York, April 29—(P)—Five young American seamen disclosed with navy sanction that they revenged the loss of their medium-sized U. S. merchant vessel three days later by scoring a probable hit—possibly a fatal one—on an Axis submarine with the deck gun of their rescuer, a United Nations ship.

Allied Headquarters, Australia, April 29—(P)—Blows and counterblows by Allied and Japanese airmen against points in New Guinea were reported today by the regular Allied communique.

Washington, April 29—(P)—President Roosevelt has signed into law a \$19,151,597.010 war appropriation bill which carries a rider directing the renegotiation of any war contracts deemed to permit excessive profits.

## Scouts Given Certificates At Gathering

Boy Scouts of the newly formed Troop 34 at Tiona, led by Scoutmaster Anthony LeRoy Vicini, were formally presented registration certificates and tenderfoot badges Monday night at the old Tiona school. After the Scoutmaster had presented badges to patrol leaders, these men awarded members badges as follows:

Beavers—Harold Cawley, leader, Robert Brennan, Robert McClellan, Glen Logan, Harold Cawley, Raymond Jordan, Jack Stromberg; Eagles—Blair Logan, leader, Donald Guhier, Donald Champion, Ronald Bean, Neal Mealey.

Presentation of certificates was by Franklin R. Hoff, of Warren, member of the organization and extension committee of the County Council. Besides their patrol leaders, the boys elected Robert Brennan as scribe; Donald Champion as quartermaster and Robert McClellan as troop bugler. Robert Wykoff, visiting the troop, will assist in its activities.

Troop 34 is sponsored by the Washington P. T. as its contribution to the youth program of that community and troop committee members are: John Logan, chairman; E. D. Champion and Arnold Williams. The new unit is pursuing a first aid course, is active in the salvage program and has undertaken an ambitious advancement program. In addition, six members are growing Victory Gardens as a patriotic project.

## Many Pledge Books Already Turned Back

Approximately half of the pledge books which have been used by the more than 600 air raid wardens and other workers in Warren and Forest counties have been returned during the last three days, at the conclusion of their solicitation, according to information provided the Times-Mirror today by R. W. Mackay, chairman of the War Savings Committee for Warren and Forest Counties. Other sector wardens and senior post wardens are getting into contact with their post wardens today and tomorrow, with the expectation of completing the job in ample time before April 30th, so that the pledges can be tabulated and forwarded to the Treasury Department.

The three banks of Warren will assist in completing this Pledge for Victory campaign by taking at their banks the pledges of those persons who may not have been reached by the work of the air raid wardens, which began on April 16th. The War Savings Committee, which is in contact with several surrounding counties, has found that the work of soliciting in the Pledge for Victory campaign has been done most promptly and smoothly here, largely because the complete organization of air raid wardens in this county. The thoroughness of the campaign is evident from the minute Man window emblems in every part of town and the county.

## Decrease In County Seen For Primary

As time for the primary election draws nearer, it is learned that the number of eligible voters in Warren county is more than two thousand under the number who were permitted to go to the polls last fall.

According to E. E. Lindmark, chief registration clerk for the county, there are at present 18,198 persons eligible to vote at the May 19 primary as compared with 20,541 in the fall of 1941.

The reduction was made through purges resulting from voters moving out of town, deaths, failure to vote, etc.

Among the eligible voters are 12,663 Republicans, 5,101 Democrats, 4,534 non-partisan and other parties.

## UNCLE EF

With this continuing on-again, off-again business and disagreement as to how much or how little gasoline we're to get, the Washington politicians certainly can't blame the folks back home if they fail to take the gas, oil and tire situation too seriously and continue to burn up the roads. As Washington likes to ask the country, we folks might ask right back in this instance, "Don't you know a war's going on?"

#### GROUP MEETINGS

The home economics extension group in Irvine is holding its final meeting today, most of the units having held their last sessions prior to the spring meeting last week. Miss Mae Bureth, clothing specialist from State College, was guest speaker for a meeting of the Tidoute Woman's Club Monday evening.

#### 4-H Clubs

Mrs. Thelma Prendergast met with a group of Garland girls last evening to discuss organization of a club and the Irvinville girls are reorganizing after school today. A 4-H session is scheduled for Thursday at the home of Mrs. Dorothy Nelson, Chanders Valley, girls to meet immediately after school, and Glade girls will meet the same day at the home of Mrs. Schueltz, Conewango avenue.

The Columbus 4-H Club met with its leader, Mrs. Walter Casler, this week and Starbuck girls will meet with Mrs. Sigworth Friday. The 4-M's Club of McGraw held an interesting meeting at the school building last Friday.

### TOWNSEND NEWS

The postponed meeting of Townsend Club No. 2 will be held Thursday at 8 p. m. Many matters of importance will be discussed at this time. All members are requested to be present. A birthday treat will be given members whose birthdays occurred in March and April.

### Much Of Importance At Legion Auxiliary Meeting For Month

Since April is the month in which the American Legion Auxiliary stresses the most important part of its program, child welfare, a special meeting was held Tuesday evening, preceded by a largely attended dinner. Special guests were Miss Kathleen Sibley, of Pittsburgh, field representative of the Children's Aid Society, and Dr. E. S. Briggs, Warren borough school physician.

Miss Sibley spoke of her work in the district and particularly of adoptions and state laws governing this work. Dr. Briggs told of his program among the children and of nutrition needs in the home and with children. The local child welfare chairman, Mrs. Donald E. Smith, outlined the unit's program in this respect.

April is also Pan-American study month for members of this organization and the guest speaker for this portion of the program was Mrs. Magno de Carvalho, of Rio de Janeiro, Brazil, now residing in Warren. Her talk on her native country was instructive and entertaining.

For special music, the group sang the national anthem and "God Bless America," followed by a piano number by Miss Dorothy Munksgard and a group of songs by Miss Melba Olsen and Miss Virginia Fredrickson, accompanied by Mrs. Betty Smith.

On the committee for this enjoyable evening were Mrs. Larry Krespan, Mrs. N. K. Wendelboe, Mrs. Edwin Anderson, Mrs. T. N. Dunham, Mrs. Ben Kinner, Mrs. Freeman Peterson, Mrs. D. Dunham, Mrs. George Hansen, Mrs. W. I. Walker and Mrs. T. H. Milenius. At the business session, the following were named to attend the Inter-county Council meeting at Kane on Saturday of this week: Mrs. Boris Waxman, Mrs. Elmer Munksgard, Mrs. James Scallie, Mrs. T. N. Dunham, Mrs. M. L. Smith, Mrs. Richard Hildum, Mrs. Richard Hansen, Mrs. Melvin Johnson and Mrs. Larry Krespan.

It was also stated that \$50 was realized from the rummage sale conducted last week and that this sum would be invested in a war bond.

### Miss Ethel Morris Is New President Of Blue Stocking Club

Following the annual luncheon of Blue Stocking Club members Tuesday at the Y. W. C. A., Miss Mabel Abbott, president of the nominating committee the following slate of officers for 1942-43:

President, Miss Ethel Morris; first vice president, Mrs. C. Vance Weld; second vice president, Mrs. William Lutz; secretary, Mrs. Norbert Peterson; assistant secretary, Mrs. A. C. Flick, Jr.; treasurer, Mrs. Brackett Ayers; finance chairman, Mrs. S. D. Blackman.

The committee on arrangements, Mrs. E. H. Beshlin, Miss Abbott and Miss Mabel Higgins, has arranged an artistic table with bowls of spring flowers and blue candles and a large number of members and guests enjoyed the delightful luncheon.

Mrs. Weld expressed her appreciation of cooperation extended during her term of office and Miss Morris thanked the group for the honor paid her and appointed her committees, including program and publicity. After the business session, a social time was enjoyed.

#### ANDERSON-THORNTON MARRIAGE ANNOUNCED

Announcement is made today that Catherine Thornton, of Smethport, and John Anderson, of Warren, were united in marriage at 2:30 p. m. Saturday, April 25, in the Swedish Lutheran church at Smethport by Rev. Edward K. Rogers, of Warren. \*Attendants were Mrs. Tom Pomeroy, sister-in-law of the bride, and Donald E. Anderson, of Warren, brother of the bridegroom.

The bride wore light blue with a corsage of white roses and her matron of honor wore royal blue and pink roses. Ushers were David Denton, of Punxsutawney, and Tom Pomeroy.

Following the ceremony, a reception was held at the Colonial Hotel, where 50 guests were served at a table appointed in white, yellow and gold. After a wedding trip through Virginia and New York, Mr. and Mrs. Anderson are to be at home, May 2, in Smethport. The bride is employed by the Quaker State Refining Company at that place and Mr. Anderson, graduate of the University of Oklahoma, is employed by the Dupont Company.

#### CATHOLIC DAUGHTERS MAKING MANY PLANS

Miss Henrietta Wehner, chairman of the communion breakfast for Catholic Daughters of America on Sunday, May 3, reminds members and guests that they must have reservations in no later than Thursday of this week. Mass will be said at 9 a. m. Sunday at the Holy Redeemer church, followed by breakfast in the church club-rooms.

The local court is in receipt of an invitation to attend a reception and dinner given the same day by Court St. Gertrude in Jamestown, N. Y. The reception will be held at 2:30 p. m. in the Crystal ballroom of the Hotel Jamestown and dinner at 6:30 in the same place. Local members should make their reservations at once with their regent, Mrs. N. J. Mangus, 2993-J.

#### OIL CREEK MEETING

The annual meeting of the Women's Missionary Societies of the Oil Creek Baptist Association will be held Tuesday, May 5, in the First Baptist church of Titusville. Sessions will begin at 10 a. m. and continue through the afternoon. The annual election of officers will be held with Mrs. C. F. Sill, of Warren, chairman of the nominating committee, presenting the new slate. Mrs. T. D. Edwards, of Titusville, retiring president, will preside. Mrs. Earl Burbee, of the local parish, is treasurer of the group. A number of delegates from the societies of the First Baptist church of Warren will attend the meeting.

#### WOMAN'S CLUB EVENT

Mrs. M. A. Connelly, president of the Woman's Club, and Mrs. Norbert Peterson, chairman of the entertainment committee, head the general committee for the annual May Day breakfast to be served from 7:30 to noon on Friday at the clubhouse.

Assisting them in plans for the event, which normally attracts about 200 persons, are Mrs. J. H. Goldstein, Mrs. H. N. Elmquist, Mrs. Allison D. Wade and Mrs. Chester Randall. Reservations for breakfast may be made by calling the clubhouse, 410.

#### KINZUA W. S. C. S.

The Kinzua W. S. C. S. held its regular meeting with Mrs. Thompson, Mrs. Queen, Doris, and devotion led by Mrs. Emma Young on "Missions in Africa." Mrs. Thompson headed the program committee and gave a reading on "The Negro in Africa," followed by a talk on "The American Negro" by Mrs. Dowd. The sum of \$15 was turned over to the general treasury. The next meeting will be May 21 at the home of Mrs. Thompson, with Mrs. Young in charge of the program.

#### REBEKAH PARTY AND MEETING FRIDAY

Lady Warren Rebekah Lodge members extend an invitation to all to attend the dessert-card party to be held in the social rooms at 1:30 p. m. Friday, when prizes will be awarded the winners. Those members who do not play cards are asked to come and assist with the Red Cross quilt-making. Regular session of lodge will convene at eight o'clock, when plans will be made for initiation of a new class in the near future.

#### COUNTRY CLUB SUPPER

Announcement is made by the social committee that another buffet supper is to be served at the Conewango Valley Country Club on Sunday evening, May 3. It is hoped to make these affairs popular throughout the summer, according to the entertainment committee. Reservations should be in no later than Friday and those who have not called the clubhouse by that time will be contacted by the committee.

With the rationing of sugar scheduled to start next week, plans for parceling out gasoline to Pennsylvania's 2,400,000 automobile and truck owners were drawn up in Harrisburg today as federal orders classed this commodity with a dozen others now being rationed.

Rationing of gasoline will be added May 15 to the duties of the state's 67 county and 422 local rationing boards, already busy with apportioning new tires, tubes, repairs, automobiles, typewriters, and lining up sugar users for restricted purchases.

Registration for sugar "trade outlets" started yesterday and is expected to be completed by this evening. In Warren county yesterday there were 78 retailers and wholesalers and 99 institutional and industrial users of sugar registered. This work is being done in the county's high schools. A total of 203 certificates for sugar purchases were issued by the local rationing boards yesterday.

Individual householders will register on May 4, 5, 6 and 7. Retail sales of sugar are stopped until the rationing starts May 5 through cards.

State Rationing Administrator T. Elmer Transeau has issued instruction to chairman of all boards to register owners of motor vehicles on May 12, 13 and 14, according to an Associated Press dispatch from Harrisburg today.

A card-and-punch system will be used to dole out the specified amount of gasoline through retail service stations. Two types of cards, pegged "A" and "B-1", larger than the size of owner and driving permits and too big to fit the ordinary sized card-compartment of a pocketbook, have been received at state rationing headquarters.

Type "A" cards will have seven "units" to be punched while card "B-1" will have 11 units, future relations to determine the maximum value in gallons of each "unit." Each card carries instructions that it must last through June 30, 1942, giving the registered motorist a six-week period to use up his units.

A spokesman for state rationing headquarters explained that the unit value, fixed by the Office of Price Administration can be changed and that the deadline date of the card can also be switched. The rationing card also entitles its holder to gasoline delivered on-call in the fuel tank, prohibiting sale in cans or other similar receptacles except for gasoline-powered boats.

### Officers Of Commandery Are Inducted

Public installation of officers for Warren Commandery, No. 63, Knights Templar, followed dinner in the Masonic Temple Monday evening, with about 150 Masons and their ladies in attendance. Special guests were W. Pitt Gifford, of Erie, grand captain general of the Grand Commandery of Pennsylvania, and Mrs. Gifford. Installed by Mr. Gifford, with William E. Yeager acting as marshal, were the following local officers:

Floyd W. Ahlquist, commander; Paul F. Mathis, generalissimo; Philip F. Peabody, captain general; Earl D. Bartlett, treasurer; Harold A. Ross, recorder; Harold T. Flowers, senior warden; J. Allen VerMilyea, junior warden; Leroy C. Eddy, standard bearer; Carl T. Barker, sword bearer; Harold M. Miller, warder.

### Two Garages In Sheffield Are Entered

Sheffield, April 29—Two local garages were looted of cash and \$250 by robbers who broke into them sometime early this morning, according to Police Chief Sanford Secor, who is investigating the robbery with Pvt. L. G. Fobes, of the state motor police, and Deputy Sheriff L. E. Linder.

The places robbed are the Jones Chevrolet Company, owned by L. B. Jones, where approximately \$1300 was taken from a cash register, and the garage of C. W. Brumer and Son, where the thieves smashed a safe and took approximately \$240.

According to Chief Secor, the robberies occurred sometime between midnight and seven o'clock this morning, when they were discovered by employees who were going to work.

The Jones garage was entered by breaking a window in the front door. The robbers smashed the front of the cash register in obtaining the money. They then apparently left through the rear by breaking another window.

At the Brumer garage, next door, entrance was gained by breaking a window at the rear and then smashing the glass in the door leading from the main portion of the garage to the office.

The robbers were seen from the safe and the lock punched out. No clues to the identity of the robbers have been reported.

#### HI-Y MEETS TONIGHT

With plans for a wienner roast at Washington Park, weather permitting, having been completed at last week's get together, Hi-Y members will meet tonight for an enjoyable occasion to bring to an end their meetings for this school year.

#### K. OF C. SOFTBALL

Knights of Columbus softball team members will hold a practice session at the west side playground at six o'clock this evening and all who desire to play should be in attendance, it was announced today.

#### MANY REGISTER

A check-up of the registration of men from 45 to 65 years old under the Selective Service system on Monday reveals that 4,285 were enrolled in Warren county. Of this number, 2,207 were in the district of Local Board No. 1 and 2,078 were in the area covered by Local Board No. 2.

#### LOW BIDDER

The firm of E. C. Kottcamp and Son, of York, was low bidder at \$3,800 on a General State Authority contract to improve the ventilating system in the new kitchen and dining hall at the Warren State Hospital, North Warren, according to an Associated Press dispatch from Harrisburg.

#### GRAND MASTER

Walter H. Klein, of East Brady, retiring grand master of the Pennsylvania Grand Lodge of the Independent Order of Odd Fellows, today announced the election of Charles Schwenk, of Philadelphia, as grand master. Schwenk and other newly elected officers will be installed during the grand lodge sessions at Pittsburgh, June 7 to 11.

#### FINISHING TOUCHES

Workmen were applying finishing touches to the remodeled court room at the court house today. The ceiling has been changed distinctly, with acoustical equipment also having been included in improvements over the former room. Lighting has also been greatly improved. The court room is expected to be ready sometime late in May or early June.

#### GARDEN NEWS

It is announced today by O. C. Tritt, County Farm Agent, that plans are complete for the open meeting to be held on the evening of Tuesday, May 5th, at 8:00 p. m. in the Warren High School auditorium. The meeting will be addressed by W. B. Nissley, garden expert from State College, who will give suggestions and advice on the planning and care of a successful Victory Garden. This meeting will be of extreme interest to all who expect to raise a garden this summer, and is open to the public.

#### LEAVES NEED RAIN

Swelling buds awaiting only the coaxing of a good rainstorm are now easily seen on nearly all trees in the borough. Soft maples have had small leaves for the past week or two. With the hard maples now following closely behind. Fruit trees make pretty pictures with their white blossoms, especially several cherry trees located about the community. A well known local man who specializes in horticulture as a sideline stated today that this April has been the driest of any April since 1932.

#### RAIN HELPED

Though last night's thunder storm wasn't adequate to meet the growing needs for rain in the area, it did manage to suppress the dust about the borough, bring leaves out in full blossom on most of the trees, make the grass grow overnight and also was responsible for the appearance this morning of a new crop of dandelions throughout the residential section. No damage was reported to have been caused either by lightning or wind and the only lingering result was a perfect day today with slight change in temperature.

The public sale of the stock of merchandise and other personal property of George L. Folkman and Sons, Inc., Number 21270, in Bankruptcy, advertised to be held on Wednesday, April 29, 1942, at 11 o'clock a. m., has been adjourned to May 12, 1942, at 11 o'clock, A. M. E. W. T. on the premises at Number 223 Pennsylvania Ave., West, Warren, Pa.

**THE PRICE IS NOT TOO HIGH!**  
"The price for civilization must be paid in hard  
work and sorrow and blood," said President Roosevelt  
in his historic address at Washington, calling all Am-  
erica to war. "The price is not too high," he continued.  
"If you doubt it, ask those millions who live today under  
the tyranny of Hitlerism!"

Mr. Roosevelt then called attention to the misery  
existing in the enslaved and occupied nations by sug-  
gesting:

"Ask the workers of France and Norway, whipped to labor  
by the lash, whether the stabilization of wages is too great a  
'sacrifice.'"

"Ask the farmers of Poland and Denmark, of Czechoslo-  
vakia and France, looted of their livestock, starving while their  
own crops are stolen from their land, whether 'parity' prices are  
too great a 'sacrifice.'"

"Ask the business men of Europe, whose enterprises have  
been stolen from their owners, whether the limitation of profits  
and personal incomes is too great a 'sacrifice.'"

"Ask the women and children whom Hitler is starving  
whether the rationing of tires and gasoline and sugar is too  
great a 'sacrifice.'"

"We do not have to ask them. They have already given  
us their agonized answers."

"This great war effort must be carried through to its  
victorious conclusion by the indomitable will and determination  
of the people."

Any person who listened to the speech or has since  
studied it will agree with the chief executive, "The price  
is not too high!"

**WORD ABOUT SUGAR RATIONING**  
School officials in the borough and county are com-  
pleting plans for the giving out of sugar ration cards  
next week, in compliance with federal regulations.

It is not expected that they will continue to act in  
that role for it is believed that after the first big regis-  
tration and assignment of cards such work will be  
taken over by regular county rationing boards.

This much you will know shortly—registration for  
sugar cards will take place next week and that around  
130,000 ration books will be issued, one for every man,  
woman and child in the United States.

You'll be standing in line for your next purchase  
of sugar, and if you have a lot on hand don't tell when  
applying for rationing cards. Uncle Sam will take you  
by the scruff of the neck and shake some fine money  
out of your pockets.

Incidentally it'll make it easier for the school teacher,  
and save a lot of time for yourself when appearing  
for rationing books next week if you will follow closely  
instructions that will be printed in the Times-Mirror  
between now and next Monday!

**REMINDER TO CYCLISTS!**  
Owners of bicycles in Warren, whether adults or  
children, are reminded that official announcement has  
been made by the police department that the deadline  
for registering them is June first, but that doesn't mean  
that this important duty should be put off until May  
30th. Not by any means.

Every Saturday from nine until five o'clock, until  
the end of next month, officials will register bicycles at  
the police station. It is important that owners of wheels  
realize that this regulation is for their protection and  
security, since it will discourage thefts, either of bicycles  
or parts. And there is a stiff penalty for violation of  
the ordinance regulating use of bicycles in the borough,  
so you better call around and secure a tag if you expect  
to travel on two wheels after the first of June.

**OLD DOBBIN DAY!**  
When tire rationing hit the United States, folks in  
Shelbyville, Tenn., just grinned. And well they might.  
The current issue of the Rotarian Magazine, says their  
town is "the capital" of the famed Tennessee Walking  
Horse. But the fifty local Rotarians broke out the  
broadest smiles when they staged an autoless meeting.  
Motoring to the meeting place, over a mile from town,  
was strictly forbidden. Most members jogged out  
ashore or in box wagons or buggies, but a dozen pumped  
out on bicycles. One put-putted downriver in a motor-  
boat.

Shelbyville Rotarians must be convinced that come  
what may, their club can go on "tirelessly!"

**HAVE YOU \$82.26 IN CASH?**  
For those interested we report \$86.26 in circulation  
in this country for every person. At least that was the  
treasury estimate at the end of March.

This compares with \$67.15 a year earlier and \$34.93  
on June 30th, 1914.

Some economist, or banker, might be able to tell  
you what the figures mean. We can't, but every reader  
of the Times-Mirror should be interested, anyway!

## WASHINGTON IN WARTIME

By JACK STINNETT  
WASHINGTON — Take some  
thousands of people, set them  
down in Washington, far from  
their homes, and you might ex-  
pect them to lose track of their  
former way of life.

But the habits of a lifetime  
don't die quickly. Here's a story  
that proves folks remain pretty  
much the same folks, even in a  
hurly-burly, war-distracted city  
like this.

About a month ago, the Reserve  
Division of the adjutant-general  
office in the war department was  
put on a seven-day week. This  
was quite a blow to those em-  
ployees scheduled to work on Sun-  
day. Many of them were steady  
church-goers.

It happens that the office of the  
Chief of Chaplains is right in the  
same building, one of the new  
temporary structures along the  
grassy bank of the Potomac.

The employees sent one of their  
number upstairs to talk to the  
chief, Gen. William R. Arnold,  
who happens to be a Roman  
Catholic priest. One chaplain is  
kept on duty in the office every  
Sunday, and the delegate asked  
Gen. Arnold if this chaplain  
couldn't take time to conduct a  
brief service during lunch hour.

Gen. Arnold passed the idea on  
to Chaplain Glenn J. Withers-  
poon, a Congregationalist, who  
was to be on duty the following  
Sunday.

**CHAPLAIN WITHERSPOON**, of  
course, agreed, and suggested  
they use a little room in the chap-  
lains' department, holding per-  
haps 35 people. The employees

delegate said he didn't think that  
would be large enough, and he  
was right.

The 15-minute informal service  
was held in a room about 50 by  
170 feet, and the space around the  
desks was packed with some 300  
persons.

"I believe everybody enjoyed  
it," one employee told me. "There  
were Roman Catholics and Protes-  
tants—even quite a few Jewish  
people. They all found it worth-  
while to spend half of their lunch  
hour there. But then, you know,  
army chaplains have to be able to  
talk to all sects. When they're out  
on post they minister to all, and  
nobody asks what church they  
belong to."

**THE** next week, Chaplain Ar-  
thur S. Dodgson, a Baptist,  
led another 300 in a few hymns,  
prayers, and read from the Scrip-  
tures. The next week, Lutheran  
Chaplain Herman H. Heuer was  
on duty. Attendance was about  
the same.

The following week, the Re-  
serve Division decided to keep  
only a skeleton staff of about 73  
on duty, but out of that group  
more than 50 showed up. Of the  
remaining 23, some probably were  
Roman Catholics who had been to  
early mass, some were guards  
who couldn't leave the doors.  
That leaves maybe eight or ten  
backsliders who didn't come to  
hear Chaplain Albert N. Corpen-  
ing, another Baptist, preach on  
the first known recorded words  
of Jesus, spoken as he stood  
among the doctors in the temple:  
"How is it that ye have sought me?  
Wist ye not that I must be  
about my Father's business?"

## MAN ABOUT MANHATTAN

By GEORGE TUCKER

**NEW YORK**—Sometimes in the  
theater, if the scenic designer  
is good, it's hard to tell Shaka-  
spears from a dab of paint. . . . You  
see rows and rows of books, and  
they all look real—only, they  
aren't real. . . . Not once in a  
hundred times are they real. . . .  
They're painted there, or they are  
false fronts that roll up like a strip  
of oil cloth.

But on the curb in front of the  
Hudson Theater, where "Jason"  
is playing, you meet a fellow with  
a satisfied gleam in his eye. . . .  
"Aren't we the extravagant ones  
though? Every book you see on  
the stage in 'Jason' is a real book.  
And there are hundreds of them.  
We bought 'em at auction."

Private Burgess Meredith, late  
of the stage, screen and radio, in  
town on a three weeks' furlough.

Katharine Cornell votes  
against a vacation after all, and  
decides on a revival of "Candida."  
"I'll be for Army and Navy  
relief. . . . Loretta Young in town  
and prettier than a picture. . . .  
She is one woman whose hats al-  
ways seem to make sense. . . .  
Hedda Hopper in town and Tom-  
my Dorsey has a party for her,  
back stage at the Paramount. . . .  
No "best" play by an American  
author this season, according to  
the Drama Critics circle. . . . The  
critics just can't poll a necessary  
majority for any one drama. . . .  
But they have little difficulty  
naming the best play by a foreign  
writer—Noel Coward's "Blithe  
Spirit."

Apparently some men, as well  
as women, can't get over a uni-

form either. . . . They've been  
picking up "naval officers" around  
town of whom the navy never  
heard. . . . Same for the army. . . .  
There's picked up yesterday. That's  
a serious offense, representing  
yourself as an officer. . . . Though  
the streets are jammed with men  
in uniforms of all branches of the  
service, the hawks on the lookout  
for forgers and posers have little  
difficulty in spotting them. . . . A  
man who doesn't belong in a uni-  
form simply doesn't know how to  
wear it. . . . It's a sort of mental  
hazard that proves a dead give-  
away.

**ANGELS** on Broadway are guys  
who put up the money to  
finance shows, and ghosts are  
guys who write articles for people  
who can't write—but in radio a  
ghost is strictly something out of  
Edgar Allan Poe. Make good  
money, too. . . . The three top flight  
ghosts around town are Santos  
Ortega, Frank Behrens, and Ray  
Johnson. . . . Their salaries range  
from \$146 to \$378 a week, and this  
for merely a few moments work  
a day.

**NICE** little record run up by "It  
Happened on Ice" during its  
long tenure at the Center. . . . The  
closing score reads: 650 perfor-  
mances, no two alike. . . . Two eggs  
broken by Freddie Trenker and  
Paul Castle. . . . Six marriages  
among the cast. . . . one death. . . .  
one case of paralysis. . . . Eight  
went into the armed services. . . .  
There also were two cases of  
measles. . . . "Ice" played to 1,150-  
000 cash customers during its 74  
week run. . . .

Rain falls 250 days in the year at some places.

## YEARS AGO IN WARREN

Interesting Items Taken From  
the Warren Evening Times

In 1922

At Thursday session of the Erie  
Conference, being held in the  
Salem Evangelical church, dele-  
gates voted favorably on the  
question of merging the United Ev-  
angelical church and the Evangelical  
Association to form "The Evange-  
lical Church."

In the presence of a large crowd  
of interested members and friends  
and with ceremonies befitting the  
occasion, the corner stone of the  
new Grace Methodist Episcopal  
church at the corner of Pennsylvania  
avenue and Prospect street,  
was laid last night at seven  
o'clock. The Rev. A. J. Rinker,  
of Jamestown, N. Y., district su-  
perintendent of the Jamestown dis-  
trict, gave the principal address.

Officers of the Warren National  
Bank yesterday revealed plans for  
enlarging of the building at the  
corner of Second avenue and Lib-  
erty street that are necessary to  
meet the constantly increasing  
business of the institution.

George E. Colvin arrived home  
from an eastern trip this morn-  
ing.

The Maxwells took four points  
from the Cadillac last night to  
clinch the second half of the Elks  
Bowling League. Gerould had high  
game with 182 and Anderson high  
total with 321.

In 1932

At the 63rd annual convention of  
the New York Conference of the  
Evangelical Lutheran Augustana  
Synod in Brooklyn, A. L. Erick-  
son, of Warren, was elected to the  
board of the Augustana Brooklyn  
Home for the Aged from the Warren  
district.

Miss Hildegarde Edwards, super-  
visor of art in the local schools,  
and Miss Hazel Hykes, grade  
school work supervisor, are in Oil  
City today attending the annual  
northwestern Pennsylvania arts  
conference.

Several Warren checker players  
were among those who furnished  
opposition for Asa Long, national  
champion, at Jamestown last  
night. They included Lawrence  
Brian, J. R. Allen, F. M. Geer and  
L. F. Hultquist.

Mr. and Mrs. Donald Babbitt and  
daughter arrived last evening from  
Erie to be the week end guests of  
Mr. and Mrs. William Mulvey,  
North Irvine street.

Dr. and Mrs. D. A. Smith are  
in Meadville today attending a  
house party for fathers and moth-  
ers under the auspices of the Phi  
Delta Theta fraternity.

registration of trade out-  
sugar rationing complet-  
officials today announce  
everything is in readiness  
enrollment of consumers  
4, 5, 6 and 7. Under the  
ing plan, everyone living in  
orough must be register-  
pt members of the armed  
and persons confined to  
or public institutions.

licants for sugar rationing  
are urged by the Office of  
Administration to study  
ly the application card, il-  
ed above, and have the con-  
surers when they register on  
5, 6 and 7. A separate ap-  
on must be made for every  
for whom a Ration Book is  
but only one member of  
family unit is to appear at  
arest elementary school to  
for all members of the fam-

is the biggest registration  
er undertaken in so limited  
in the United States. With-  
days the nation's 120,000-  
n, women and children will

be registered and will receive their  
Ration Books. To accomplish so  
big a job in that short space of  
time, the Office of Price Adminis-  
tration, which administers ration-  
ing is urging every applicant for  
a Ration Book to come prepared  
with accurate information to all  
questions which the registrars  
will ask when filling out the ap-  
plication form.

If you answer these questions  
promptly OPA estimates it will  
only take four minutes to fill out  
this form. One and a quarter mil-  
lion school teachers will serve as  
registrars.

1. Applicants should come pre-  
pared with a list of the members  
of their families, giving the exact  
name of each.

2. An exact description of each  
member of the Family Unit, giving  
the height, weight, color of eyes,

color of hair, age and sex of each  
one.

3. The person who registers for  
the Family Unit must state his or  
her exact relationship to each  
member of it.

4. It is necessary to know to  
the pound just how much sugar  
is in the possession of the house-  
hold. The amount of sugar will  
be divided by the number of people  
in the Family Units and stamps  
will be torn out by the registrar  
for all sugar in excess of two  
pounds per person. If more than  
four stamps have to be removed,  
issuance of the book will be with-  
held until later.

One—and only one—member of  
each Family Unit is to go to the  
elementary school nearest to  
the person's residence to register  
and to apply for Ration Books for  
the whole family. OPA emphasizes,  
Single people, not members of a  
Family Unit, even if they board  
with a family, must apply for  
themselves.

A Family Unit has been defined  
by the Office of Price Administra-

tion as "a group of two or more  
individuals consisting of all per-  
sons who are living together in the  
same household who are related  
by blood or marriage."

## JULIANO AND CHECK BOOST HIGH SCORES

With Pete Juliano and Myron Check sharing high average, Juliano regarded titlist by a tenth of a percentage point according to league statisticians, the City League bowling averages for individual bowlers were released today by Thad Lawson, Arcade Recreation proprietor.

Juliano and Check both scaled 193 for the season with Harold Bjers batting 191, Nummy Wooster 190 and Mike Bleach average 189. Put those scores together and they'd give a team game of 956 or team total of 2868, which isn't in the language of community leagues.

Other scores of the 47 bowlers included in the compiled average listings are as follows:

## SPORT SPATTERINGS

If you attend the Gymkhana at the Y. M. C. A. either tomorrow or Friday night, you will notice the following article on your program, especially printed to explain the purpose of this annual event, one of the greatest promotions of the local "Y". If you can't make either show, read this anyway; it'll help you understand the work carried on throughout the physical department each year.

"The Gymkhana is a meeting of athletes to perform to their best ability. It affords a great opportunity to develop character along the lines of competition and exhibition.

"Warren Y. M. C. A. is a standard of high living, offering leadership to those who desire preparation for life in this world.

"This exhibition reflects a study of the work of a group of boys, crystallized in many events. It helps in training for good sportsmanship and love for the activity.

"Special care has been exercised in the selection and preparation of the various events, so as to give a full and complete idea of what is carried on in the physical department."

Mike Russo, former local boxer and swimmer, was in town for a short while Tuesday, being examined for possible induction in the U. S. Army in the near future. We had quite a chat with Mike and his many friends will be interested to know that he has lately been in Kittanning where he has been at work in an arsenal plant there. There's little doubt as to what Uncle Sam will find his physical condition to be, so we're looking forward to seeing him in Tokyo one of these days. Maplehurst Golf Club has extended a courtesy to all service men in uniform to play without charge on the New York state course this summer. An efficient way to contribute to the war effort and just another example of the American way. All that's needed to bring about Sunset League ball in this community this summer is the school board's permission to work on Russell field, a couple of dump trucks, and about 15 or 20 volunteers among baseball fans. The board's permission, we believe, can be gained. Now, how about someone volunteering the services for some weekend day of a pair of dump trucks, and what about some of these many baseball fans expressing their willingness to pitch in and help a bit?

## THRILLS ARE NUMEROUS IN 'Y' GYMKHANA

The first night performance of this year's Y. M. C. A. Gymkhana will be given tomorrow evening, starting at eight o'clock, and is expected to attract the test of the critical paying customers.

Important hurdle lying in the way of success of any sort of production.

From the time the Grand March opens the evening's program until the tumblers wind things up with a climaxing show that's bound to find its way into the hearts of spectators, and exciting and thrill-packed evening is in store.

The line of events is, in brief, as follows:

Grand march, high bar exhibition, dumb bell drill, horse and buck exhibition, marching drill, relay races, head drill, mats, blind boxing, cowns, parallel bars, flag drill, flying rings, bag punching and baton twirling, side horse exhibition, tailor shop, and tumbling.

## HIGH SCHOOL BALL LEAGUE BEGINS PLAY

Limited to a single hit, Team No. 1, dropped by Dick Kifer, dropped an 8-0 verdict as the Dragon intramural baseball league broke away from the barrier yesterday.

Team No. 2 won the ball game, a seven inning affair, taking an early lead and building upon it in the late innings.

Weather permitting, the second contest will be played this afternoon with Teams No. 3 and No. 4 battling on Russell Field.

## PITT PANTHERS TIP MOUNTAINEERS, 6-4

Pittsburgh, April 12—(P)—Johnny Brown, junior first sacker, continued to flash his hitting power yesterday as he led the Pitt Panthers to a 6-4 triumph over the hapless West Virginia University nine.

The Mountaineers haven't won a game in their last six starts and threw three pitchers into the breach yesterday in a futile victory effort.

## PONY LEAGUE TEAMS OPEN SLATE TODAY

Like a flock of amateur chemists, fooling around with some unknown chemicals and trying to get results, the most logical being a big explosion, eight managers of their respective teams in the Class D PONY League, start looking today for a formula which will lead them to Pennantville and the most coveted bunting known in Class D circles throughout the nation.

With only a flock of veterans of last year's pennant chase returning in the circuit, every club that was around last season had to do a rebuilding job this spring, while Wellsville, Lockport and Hornell built their first foundations in PONY League baseball.

Both Bradford and Jamestown, closest to home teams for this community, open away from their respective habitats, but will be at home Thursday and Friday this week to show their early season wares.

Today's initial contests, three encounters on the program, find Jamestown at Batavia, Bradford at Olean, and Wellsville at Hornell.

## Whitney Colts Look Good As Any in Derby

BY ORLO ROBERTSON  
Louisville, April 29—(P)—(P)—This is just about the dullest Derby you ever saw.

Here it is four days before the pick of the nation's three year olds take off in Col. Matt Winn's \$75,000 mile and a quarter gallop at Churchill Downs and not one of 16 or 17 probable starters stand out enough to warrant anybody going overboard hook, line and sinker.

At this stage a year ago Whirlaway had caught the fancy of Hardbodies and Invader alike. A year before that it was Bimelech, then Johnstown, Fighting Fox, War Admiral and so on back, True, the horse of the hour didn't always win but at least he was rated the horse to beat.

The nearest thing to a standout today appeared to be Mrs. Payne Whitney's Devil Diver but the boys at the corner of Fourth and Walnut weren't shouting his name to the four winds.

The Greentree colt stepped off the derby distance in 2:07 1/5 yesterday, the last quarter in 24 4/5 seconds and that's moving for a workout, especially when you recall such a great horse as Gallant Fox took 2:07 3/5 to win the 1930 race.

As if that wasn't enough to start the boys talking, the other half of Mrs. Whitney's double-barrelled entry, Shut Out, was clocked in 2:09 after being pulled up the last two furlongs.

"I would have taken it directly to the F.B.I. but Liu was terrified at the prospect of becoming involved with police and I felt, too, that she might be better able to help if she weren't frightened and if she didn't feel that she was incurring the wrath of her ancestors."

Henri nodded. "You're quite right. Time enough to notify the Federal agents when we have some real evidence." He smiled slowly. "For all we know, the boy may have been trying to break off his friendship with your little Liu. It is not so unusual, is it, for a young man to 'disappear' for a few days?"

Stephanie shrugged. "I'm quite sure this is no ordinary holler for Hajami. Unfortunately, I never saw the 'gentleman' who accosted Hajami on the camp. It would be simpler, I suppose, she could actually be a witness. But the agent was careful always to see Hajami when he was alone."

"Of course."

"However, Liu has a fairly good description of the man from Hajami."

"So? That should be a help."

"Then you will—you can help us, Henri?" Stephanie asked.

He smiled, patted her hand, and am not sure there is much I do. You realize it is a very difficult matter—this trying to locate your young Hajami. I shall certainly do my best."

"Henri beckoned to the waiter, and Stephanie, and now please put the whole concern out of your mind. I will advise you as soon as I discover anything."

As they moved out of the crowded dining room, Stephanie tucked her hand under his arm. "Thanks a lot, Henri. It's certain a load off my mind."

"I don't drive you somewhere he asked her to turn to the street revolving doors to the station wagon and—she felt a tle flush of excitement creep in her cheeks. "And an important rand. See you soon." And slipped out into the swift-flowing stream of traffic.

Rebuff  
AN IMPORTANT errand. right, she told herself as turned into Mission street, minutes later, rolled between iron gates of a hospital.

"Miss Merrill to see Captain Knudsen," she said crisply to nurse on duty at the desk, hoped her own uniform might give unspoken excuse for call.

The nurse turned to a switchboard, plugged a number, peeped at Stephanie's message. In moment, she turned to her, showing her head.

"Why?" Stephanie asked without thinking. "Is he so very ill?" The nurse smiled quietly. "Is doing as well as could be expected."

"But what is the matter? What was he injured? Will he recover?" Stephanie's questions tumbled out before she could stop them.

"I'm sorry. We are not allowed to discuss the patients."

"Of course. Well—thank you. Blindly, Stephanie made her way across the cool, dark foyer, into the blinding sunlight of December day. She should have hoped to see him. She might have known they would not permit it. She might have known, too, that she would never see his real condition from the smug, discreetly obedient nurses. But she had to know. Why might die—the thought stable her—who would tell her? Who would even suppose she was to know much less had any right to know?

She crawled back into a wagon, buried her face in her hands a moment until she could check the hot tears that pressed suddenly at the corners of her eyes. Tears of disappointment, tears of sudden painful knowledge that she had no right to demand to see Kurt. Kurt himself would be his "goodbye" been intended to close a door, lock throw away the key?

She jerked her head ere blinked hard. But you could shut doors on things and prete they didn't exist. She loved Knudsen.

## Secret Orders

Chapter 18  
New Plan

FOR a long time, Stephanie lay staring at the darkness. Dad of course would be the best person to decide just what should be done about Liu's missing friend. But Dad was still in Triton wrestling with problems that already absorbed all the time and energy he had. Vicky and Aunt Allison would, if they heard the story, be too frightened to be of any help. Ever since Pearl Harbor, Aunt Allison had been mournfully sure that they would all be murdered in their beds.

It left only Henri de la Pagerie. At first, Stephanie dismissed that idea as impossible. But a moment later, brought it back for a second consideration. Henri had some strange secret. Of that she was sure. That it concerned fifth column activity she only guessed. But if he were doing intelligence work, it would naturally be for the Belgian government. Hadn't he been attached to the consulate here? Of course he would be valuable as a secret agent. Perhaps even the Millers, too, were doing some special job of spying. Using their hordes of Japanese servants as a blind—or a decoy.

Stephanie sat bolt upright. Why hadn't she figured that one out before? Of course. And Henri's strange interest in things concerning basic Coast defense was only natural.

She called him the next morning at the expensive club where he lived.

"Henri, I must see you just as soon as possible," she said as soon as she recognized his voice. "It's something important."

"But of course, Stephanie. Suppose we have luncheon together. Would the Palace Hotel be a convenient spot?"

"All right. At twelve sharp. I'll meet you there."

But the morning was jam-packed with absorbing details of locating relatives of refugees, finding clothing for mothers who had been obliged to leave the island with nothing more than the clothes they wore, moving little broken families to comfortable quarters.

It was a few minutes after twelve when Stephanie finally threaded her way through the crowded lobby of the famous old hotel. Henri, tall, darkly distinguished-looking even in this crowd of smart San Franciscans, was waiting for her.

He smiled as she moved toward him. "But this is a very pleasant surprise," he said.

"Thanks. A surprise, perhaps, but, she smiled a little wryly, "my news isn't too pleasant."

Over a delicious crab salad, she told him Liu's story briefly.

Henri will help  
LIU, of course, is heart-broken," she finished. "Naturally I realize that is the least important part of it. Locating, apprehending that agent and the net of spies he is spreading to strangle defense is the job ahead."

Henri listened gravely, his face betraying no definite trace of his thoughts. "Of course."

"I would have taken it directly to the F.B.I. but Liu was terrified at the prospect of becoming involved with police and I felt, too, that she might be better able to help if she weren't frightened and if she didn't feel that she was incurring the wrath of her ancestors."

Henri nodded. "You're quite right. Time enough to notify the Federal agents when we have some real evidence." He smiled slowly. "For all we know, the boy may have been trying to break off his friendship with your little Liu. It is not so unusual, is it, for a young man to 'disappear' for a few days?"

Stephanie shrugged. "I'm quite sure this is no ordinary holler for Hajami. Unfortunately, I never saw the 'gentleman' who accosted Hajami on the camp. It would be simpler, I suppose, she could actually be a witness. But the agent was careful always to see Hajami when he was alone."

"Of course."

"However, Liu has a fairly good description of the man from Hajami."

"So? That should be a help."

"Then you will—you can help us, Henri?" Stephanie asked.

He smiled, patted her hand, and am not sure there is much I do. You realize it is a very difficult matter—this trying to locate your young Hajami. I shall certainly do my best."

"Henri beckoned to the waiter, and Stephanie, and now please put the whole concern out of your mind. I will advise you as soon as I discover anything."

As they moved out of the crowded dining room, Stephanie tucked her hand under his arm. "Thanks a lot, Henri. It's certain a load off my mind."

## New Bowling Alleys Open Tonight

## PENNBOWLING CENTER READY FOR ACTIVITY

The Penn Bowling Center, Warren county's newest recreation headquarters, located at 710 Pennsylvania avenue, east, will open its doors to the public this evening.

First games will be bowled on the new alleys at 6 o'clock by officials of the Warren Bowling Association and after that the general bowling public will get a chance to try out the new addition to the community's sport headquarters.

Harry Bittenbender, proprietor of the new alleys, and Pete Juliano, well known local bowler who will assist him in their operation, will be on hand this evening to greet the bowling public.

With eight brand-new alleys and all of the equipment that goes with them, the Penn Bowling Center is one of the most up-to-date establishments of its kind in this section. No expense or effort has been spared to give local bowlers the best surroundings in which to enjoy their favorite sport.

The interior of the Penn Bowling Center presents a very attractive appearance. The latest style decorative shields are used over the pin-racks so that the pits behind the alleys are almost completely concealed.

Lighting is of the most modern type to eliminate all shadows on the alleys and give the bowlers no handicaps from either glare or darkness.

In addition to the benches for the bowlers themselves, there are plenty of seats for spectators who might wish to drop in and watch their friends bowl.

Women bowlers are being extended a special invitation to enjoy their favorite sport at the new alleys and everything has been arranged for their convenience. A modern lounge room has been installed for them.

After the opening day, the alleys will be open both afternoon and evening and Mr. Bittenbender has extended an invitation to all to visit the Penn Bowling Center at any time.

## What You Buy With WAR BONDS

When the tanks roll, your money invested in War Bonds rolls with them right through enemy lines. The medium size monsters cost more than \$70,000 apiece, equipped for action. We must have them. They are the battering rams of our army.

Every patriot investing in War Bonds will buy them for us. Our army uses more of the medium tanks, weighing about 28½ tons, than larger ones. Steel equivalent to 500 mechanical refrigerators and as much rubber as required for 87 medium auto tires goes into these tanks. So buy War Bonds every pay day to reach your county quota.

### Steel Plant Strike Halts Defense Work

(From Page One)  
 ant of the War Production Board, expressed fear that the shutdown would be the most serious in the steel industry since the war began. The plant, Evans said, is working 100 per cent on war order.

Rouffs and Federal Conciliator Thomas Lambert and State Mediator Charles Kutz conferred with day and then with management representatives in an effort to bring about a joint union-company conference.

Philip Murray, CIO president, who has pledged a no-strike era during the war by members of his organization, declined to comment on the walkout. He was at his home in Pittsburgh.

Accompanying the general price order were 15 separate schedules establishing maximums for various products and commodities—ranging from bituminous coal and gasoline to newsprint and farm equipment—which OPA declared required special pricing treatment.

The gasoline ceiling, applying to service stations in all but 17 states and the District of Columbia, pegged prices at the highest March levels.

In the 17 eastern states and the District of Columbia, filling stations will be allowed to charge highest March prices, plus four-tenths of a cent a gallon on gasoline and two-tenths of a cent a gallon on Diesel fuel.

### WAR BULLETINS

 Istanbul, Turkey, April 29.—(P)—Information gathered in Bucharest diplomatic circles by a neutral diplomat indicated today that the Axis plans to hurl about 280 divisions—perhaps 5,000,000 men—against the Russians when Adolf Hitler's new offensive begins.

Cairo, April 29.—(P)—Fifty-eight persons were killed and 111 injured in an Axis air raid on the Alexandria area last night, the Egyptian interior ministry announced today on the basis of reports received up to noon.

Ottawa, Ont., April 29.—(P)—Admiral of the Fleet Sir Dudley Pound, first sea lord, has arrived safely in England after flying the Atlantic from Canada, the Royal Canadian Navy announced today.

Meanwhile, Coordinator Ickes and Transportation Coordinator Joseph B. Eastman, jointly commended states and cities that have taken steps to encourage the short haul movement of oil by motor trucks.

Use of tank trucks on all hauls with in 100-mile radius has been requested by Ickes as a basic policy, so that large numbers of railroad tank cars may be released for the more important job of moving oil over great distances to eastern seaboard areas.

 and Italians have "a growing conviction that the cause of Nazism and Fascism is hopeless."

Commenting on the French situation he said:

"We know how the French people really feel. We know that a deep-seated determination to obstruct every step in the Axis plan extends from occupied France through Vichy France to the people of their colonies in every ocean and on every continent."

"Our planes are helping in the defense of French colonies today, and soon American flying fortresses will be fighting for the liberation of the darkened continent of Europe."

On the home front, the president said that "every single person in the United States is going to be affected" by his seven-point national economic policy of heavier taxes, price ceilings, stabilized wages, rationing of essential commodities, and widespread investment in war bonds.

#### Daily Budget Is Padlocked to March Highs

 premiums, public utility rates and advertising fees.

No ceiling was fixed on raw agricultural commodities, but OPA emphasized that, in general, costs of such items are fixed at the time of their first processing.

As to rents, Henderson ordered them reduced within 60 days in 302 areas in 46 states and Puerto Rico, housing some 76,000,000 persons.

Accompanying the general price order were 15 separate schedules establishing maximums for various products and commodities—ranging from bituminous coal and gasoline to newsprint and farm equipment—which OPA declared required special pricing treatment.

 enemy air attacks on Corregidor and the other forts were decreasing in intensity, with most of the raids in the last few days carried out by dive bombers.

Japanese artillery in Cavite and Batang, however, shelled the ports heavily. The return fire silenced some of the Japanese batteries in addition to breaking up troop concentrations and sinking the "medium-sized" vessel in the bay.

On the island of Panay defending troops are continuing their resistance to the Japanese near Alibunan in the central section and San Remigio near San Jose on the west coast.

#### REPORT OF DISORDER IN KOME UNCONFIRMED

London, April 29.—(P)—Authoritative sources said today that any reports indicating a breach between King Vittorio Emanuele of Italy and Premier Mussolini "should be treated with utmost reserve."

(A Bern dispatch to the New York Times reported yesterday that the Italian king had held consultations Monday with prominent Italians and that Mussolini was not included in some of these. Transmitted to South America, this report apparently developed into widespread rumors of a break between the king and the Duce.)

## Telephone In War Time To Be Presented

"The Telephone in Wartime" will be presented by the Bell Telephone Company on Friday evening, May 1, starting at 8 p. m. at the Warren High School, Market and Second streets. Admittance is free and no tickets are necessary.

Charles H. Springer, assistant manager for the Bell Company, will introduce Robert H. Junk, of the company's Pittsburgh office, who will give an interesting series of demonstrations with special telephone equipment.

Brief talks will be given by Mrs. Eleanor Hansen, chief operator, and Robert L. Endress, plant wire chief. A motion picture will show what the telephone company is doing in providing telephone service for the armed forces and for industry.

Among the interesting demonstrations will be that of a "throat microphone" developed by the Bell Telephone Laboratories for air pilots. Button-type transmitters are strapped to a pilot's throat and messages are conveyed directly from the airman's vocal cords. The device shuts out noises which would interfere with the message. It is invaluable, particularly in combat where every split-second counts and where communication between squadron leaders and their men must be rapid and clear.

Persons in the audience will have an opportunity to test their own "telephone voice," to hear themselves as others hear them. This will be done by means of a "microphone" also developed by the Bell Laboratories.

## Child Health Observance Plans Made

Child Health Day on Friday will be observed by Warren county Girl Scouts with a 4:30 p. m. ceremony at the municipal building, when badges and certificates earned in the Girl Scout Health Project of the past year will be awarded.

The project originated in Warren, has been widely used in this country as an example of health promotion among children of the school age. The beginning of the project on May 1, 1941, was marked by presentation of scrolls to Burgess R. W. Steber at the city building. These scrolls contained the names of Girl Scouts and Brownies who had promised to try to follow the simple rules for healthful living and improve their personal health during the year.

Under the direction of Mrs. Nora Eaton, chairman of the health committee, nurses and doctors have given generously of their time to help the girls live up to the promise they made. Health check-ups have been given each month and a record kept of the growth and health habits of each girl.

Started as a defense measure, the health project has grown in importance with developments of the past year. A by-product of the project was a nutrition course given in November by Miss Hazel Finley at the request of mothers who wanted to cooperate fully with their daughters' health aims. The plan has been used in Warren, Pittsfield and Russell this past year during the experimental period but will be extended to

## BOYS IN THE SERVICE

Pharmacist's Mate Harold V. Radspinner, Jr., who has been at sea for the past two months, is reported to have arrived in the United States and his mailing address is in care of the Postmaster, San Francisco, Calif.

Mr. and Mrs. Clifford Spangler, of Russell, have received word that their son, George Spangler, who enlisted in the U. S. Army on March 16, has been advanced to the grade of corporal. Cpl. Spangler is stationed at Camp Stewart, Ga.

Mrs. T. I. Donaldson, 216 Fourth avenue, has received word that her son, Private T. N. Donaldson, formerly at New Cumberland, Md., is now with the medical corps at Camp Lee, Va., for his basic training period.

Corporal Earl Rossman will leave tomorrow for his station at Camp Livingston, La., following a furlough spent at home with his wife and family.

## Seek Change In Induction Method Here

Opposition of many Selective Service registrants to the "immediate induction" plan resulted today in state draft headquarters deciding to present the matter to Washington authorities, according to an Associated Press dispatch from Harrisburg.

Local boards were advised by Col. B. F. Evans, acting Pennsylvania director of Selective Service, that their protests against inductions upon passage of final physical examinations would be passed along promptly.

Possibility also was seen that Evans and Governor James would ask national headquarters to return to the Pennsylvania "waiting period" or seek modification of the plan now in effect by allowing a 10-day furlough at induction centers.

Warren draft boards, as well as a large number of others, are opposed to the present plan which requires that those who pass their final physical examinations be inducted immediately without being permitted to return to their homes.

## Inspection Is Slated For Guard Unit

The annual federal inspection of Company A, 3rd Regiment, Pennsylvania Reserve Defense Corps, will be held at Oil City on Tuesday evening, May 5, it was announced today by Lt. Arthur F. Dickinson, who is in charge of the Warren platoon of the company.

Lt. Dickinson said that the local platoon will go to Oil City for the inspection. He stated that all members of the Warren unit are ordered to be at the Armory in uniform at 8 p. m. on the day of the inspection.

He pointed out that these orders come from the federal government and that to disobey them is a serious offense.

Nelson will be honored with a doctor of laws degree and General Somervell with a doctorate of military science.

### MARTIN VISITS WARREN

A large crowd representing most districts in the borough and county attended the reception held today noon at the Philomel Club honoring General Edward Martin, bringing his campaign for the Republican nomination for governor to this section. General Martin was accompanied by John H. Bell.

**GENERAL EDWARD MARTIN**  
Republican Candidate for Governor candidate for lieutenant governor, and William S. Livingston, who seeks to succeed himself as secretary of internal affairs as well as a large delegation of state and district Republican leaders. All those attending had an opportunity to greet the general who spoke briefly on campaign issues. He came here from Crawford county where he held a number of meetings Tuesday.

### DENT FOR SMITH

State Senator John H. Dent tonight announced he would support Judge Ralph H. Smith for the Democratic nomination for Governor because, "His record of service for the common people in the past is proof that he will make a good Governor for all the people." "I am personally acquainted with Smith and I am familiar with his efforts in behalf of the working people of western Pennsylvania for the past decade," said Senator Dent.

"I also firmly believe that Judge

Smith is the one man who can attract support from the independent voters of the state, thereby defeating either one of the already discredited Republican aspirants for the Governorship," Senator Dent concluded.

Judge Smith made a tour of Westmoreland county today, accompanied by Joseph F. Guffey, Third Assistant Postmaster General Ramsey S. Black, candidate for the nomination of Lieutenant Governor, and John J. Kane, state campaign manager for Smith. Rallies for Smith were held in Monaca, Greensburg and New Kensington.

### SUTHERLAND FOR SMITH

Before leaving Harrisburg recently, Judge Ralph H. Smith, candidate for the Democratic nomination for Governor, was notified that Jock Sutherland, former University of Pittsburgh football coach, had changed his registration from Republican to Democratic so that he might cast his vote for him in the Primary Election.

### MALONE FOR MARTIN

General Edward Martin, Republican candidate for Governor, in Meadville to address a GOP rally today expressed his gratitude for the pledge of support given him by James F. Malone, powerful Pittsburgh Republican leader. "Mr. Malone is one of the outstanding younger leaders of the Republican party. And not only will his support be valuable but his counsel will be helpful and welcome."

"Before he made his decision to assist my candidacy, Mr. Malone asked me candidly what I stood for, my aims and my program for Pennsylvania. I understand he made similar inquiries of the other candidates for the Republican nomination. His subsequent decision to support me I take as more than just an endorsement. I consider it an approval, after considered judgment, by an outstanding public figure and hope other leaders will feel free to examine my record and qualifications as Mr. Malone has done."

When Haydn symphonies first were introduced in New York, eggs and vegetables greeted the musicians.

## RESTRICTIONS ON TELEPHONE INSTALLATIONS ARE NECESSARY TO Win the War

Since the outbreak of war there have been critical shortages of the materials used in providing telephone service—copper, aluminum, tin, steel, magnesium, rubber, zinc, nickel.

These materials are urgently needed for the nation's planes, tanks, guns, ships, munitions. They are vital to victory.

That is why the War Production Board has placed certain restrictions on telephone installations.

These restrictions are essential war measures—to save every possible pound of the metals needed to equip our armed forces.

To install one extension telephone may require no more than 30 or 40 feet of copper wire. But to install thousands of them takes enough copper to wire a fleet of bombers.

Restrictions inevitably cause inconvenience to some. But Americans put convenience second—VICTORY FIRST!
